Company Goals

Goals

1. We adhere to our ethical and moral principles at all times and in all of our business areas.
2. We produce and sell market-oriented and need-oriented «free energy devices» with the highest possible benefits for the wellbeing of all people and the environment.
3. We establish a worldwide network of partners and licensees.
4. Our team consists of employees and managers who are professionally and socially competent and who regard what they do as a calling.
5. In our work, we are guided by the principles of team spirit, love, helpfulness and mutual respect.
6. Our work is characterised by a spirit of innovation and the continual development of consciousness and our understanding of creation, and to the resulting qualitative improvement in all areas and at all levels of the enterprise.
7. In keeping with the FOSTAC philosophy, we maintain customer relationships beyond the conclusion of a transaction.
8. We build a slim but powerful company organisation that ensures the sustainable success of the company by means of profitability and liquidity.
9. We ensure the future of our company in accordance with the new awareness of creation: «There's enough for everyone!».
10. In all of our activities, we endeavour to protect the freedom, self-reliance and independence of the company.
